Majestic.

A vicious battle between two grizzly bears is one of the chief features in "The Courage of Marge O'Doone," which will be shown at the Majestic theatre Tuesday and Wednesday. Special precautions were taken to make the screen play true to the type of the Canadian Northwest.

Strand.

The little orphan, Dick, came in for much of Nurse Marjorie's affection, thereby making John Danbury, another patient, very jealous. But John did not know that it was a child whom Marjorie was blowing kisses. "Nurse Marjorie" with Mary Miles Minter in the principal role is the feature attraction at the Strand theatre Tuesday and Wednesday. Fatty Arbuckle in "The Garage" also is shown.

Princess.

Many of the characters of "The Westerners" at the Princess Tuesday only, were taken from life, and the main events are actual history. In the Black Hills the hunter found but a pit bottle full of gold, which was stolen from him. He made his living shooting game for the mining camps. In this exciting occupation there were brushes with the Sioux Indians.

Ten Years Younger Than His Years

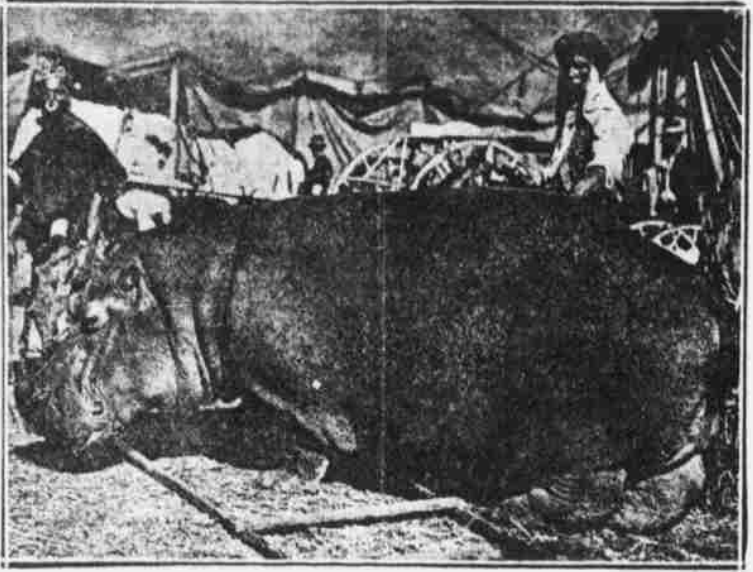

Doesn't it make you feel good—cause you to straighten up and feel "chesty"—when someone guesses your age at ten years or so younger than you really are? You look into your mirror, smile with satisfaction and say to yourself: "Well, he didn't make such a bad guess, at that."

The point is: You're no older than your vitality.

If a man is strong, vigorous, mentally alert, fine and fit at 50 he has a better chance of living up to 80 than a man of 30 who is weak and run-down has of living up to 60. While none of us can stay the years nor stop time, we should all make an heroic effort to successfully resist the effects of time by ever keeping our vitality at par.

When you sense a feeling of slowing down of your physical forces—when your stomach, liver, kidneys and other organs show signs of weakness—when you notice a lack of your old time "pep" and "punch"—in other words, when you feel your vitality on the wane, you should com-

FORMER "SACRED" HIPPOPOTAMUS FEATURE OF BARNES' BIG CIRCUS

"Lotus," Performing Five-Ton Hippo With Al. G. Barnes Circus.

"Lotus," the five-ton hippopotamus of the Al. G. Barnes, four-ring, wild animal circus, which exhibits in Memphis on Aug. 3, has quite a history; also an uncommon feature in connection with this largest of river inhabitants is that she has three names, and she is the only performing hippo on exhibition anywhere.

Originally, in her native habitat, she was affectionately known as "Lobalulu," which in English means "sacred Lotus." Barnes takes no stock in African traditions and calls her Lotus. On the other side of Nyana, lived an Arab tribe that called her "Hassim," meaning "good hippo," so on one side of the river she was "sacred" and on the other simply a "good" river horse.

In either event, the natives seemed to think nature's bounties followed in her wake, and when Barnes attempted to negotiate her capture, natives on both sides of the river refused to participate in any such adventure, and Barnes captured her alone.

He had often wished to try his powers out in the open, away from all steel bars and cages, and in this instance the only weapon Barnes used was his riding whip. Lotus had probably become so used to people running from her, that she possibly was dazed

until a stockade was built around her; now she "shimmies" to the music of an elephant band in the Barnes circus performance.

HEADRICK TO RETURN.

William G. Headrick, secretary of the social agencies indorsement committee of the Chamber of Commerce, who has been attending a national meeting of charity and social organizations held in Columbus, Ohio, will return to Memphis Wednesday. Mr. Headrick stopped for a few days in Louisville to make a study of the work being done there by the charity and social agencies.

WIN AGAIN WITH WELCH

GEO. N. WELCH

Candidate for Democratic Nomination for Second Term as the Middle Tennessee Member of the Railroad Commission

I am making the race for a second term as the Middle Tennessee member of the Railroad and Public Utilities Commission of the State of Tennessee, subject to the action of the Democratic party.

I am running on my official record as a member of the commission, and on my political record as a consistent Democrat, and as a member of the state senate in 1913, and as mayor of the town of Monterey for two years prior to my election for state senate.

In my efforts to serve the people since being in public life I have done my best to serve all the people, regardless of class or color, to the very best of my ability, and if I have made any mistakes they have been honest ones, and are chargeable to a lack of proper understanding rather than to any unworthy intentions.

I have always tried to be a consistent Democrat, and shall continue in the future as in the past to support the principles and policies of the party which has trusted and honored me.

I fully realize the present importance of the Railroad and Public Utilities Commission, and the weighty duties which it will be required to perform. I also realize the magnitude of the responsibility which will come to me through my re-election.

My twenty years' business experience and my six years' experience on the commission, together with my self-confidence, warrants me in saying that I consider myself fully equipped to properly perform my duty on the commission, and if it is the will and the pleasure of the people of Tennessee to give me a second term, I am ready to accept the responsibility and will continue to serve them for another six years to the very best of my ability.

Very respectfully,
GEORGE N. WELCH.

What the Memphis Papers Say:

The News Scimitar Had This to Say:

"George N. Welch, railroad commissioner and member of the State Board of Public Utilities, is a candidate for re-nomination. Mr. Welch has made an excellent official and it would be futile for anyone to make the race against him."

From The Commercial Appeal:

George N. Welch announces his candidacy for re-election as a member of the State Railroad and Public Utilities Commission. The experience and ability of Mr. Welch equip him well to continue service upon that board.

From The Memphis Press:

"George N. Welch has officially announced his candidacy for re-election as the Middle Tennessee member of the State Utilities Commission."

"It is a pleasure for the Memphis Press heartily to indorse Welch's candidacy, and to wish him complete success in his campaign for election."

WHAT G. Washington's COFFEE IS

It is the original and only refined coffee.
It is refined from the best coffee.
It is all of the coffee that is good.
It is 100% pure coffee.
It dissolves instantly in hot or cold water.
It is healthful and delicious.
It is easiest to make.
It is economical—a pound of G. Washington's Coffee will make as many cups of coffee as ten pounds of roasted coffee berries.
It is always the same in quality.
It is sold in handy air-tight cans.

Made in the cup at the table.

WHAT G. Washington's COFFEE IS NOT

It is not an imitation.
It is not expensive.
It is not de-naturalized—not de-cafeinated—or de-anythinged.
It is not 85% chaff, woody fibre, or grounds.
It is not wasteful.
It is not harmful.
It is not necessary to "cook"—no coffee pot or percolator needed.
It is not just "another brand" of coffee.

What Is Your Advertising Dollar Buying?

HIGH PRICES of materials and increased overhead have made necessary a stricter economy along mercantile lines.

Advertising should be considered as well as the commodities in which merchants deal.

By choosing only those publications whose circulation is accurately measured, you not only practice economy in your advertising, but are assured that your money is buying a definite quantity of circulation.

THE NEWS SCIMITAR'S circulation is measured by the Audit Bureau of Circulations. Advertising placed in its columns is an economical investment.
